## Best Practices

- ★ **Assist** patients in scheduling appointments.
- ★ **Document** the month and year of the most recent mammogram and mastectomy status in the medical record.
- ★ **Educate** patients about the importance of early detection and encourage screening every other year. Engage patients to discuss their fears about mammograms.
- ★ **Establish** a standing order to obtain annual mammograms for eligible patients.
- ★ **Provide** a list of mammography testing facilities and mobile mammography units.
