5 TOP REASONS TO JOIN THE AMIDA CARE COMMUNITY

1 **We are welcoming and inclusive.**

If you qualify to become an Amida Care member (see page 2), you will become part of a welcoming community where you are treated like the unique and remarkable individual you are.

2 **You have your own care coordinator.**

A care coordinator is assigned to work closely with you to provide personalized and timely assistance. This person is part of your Integrated Care Team, which customizes your care plan. Your care coordinator will make sure you get the care you need, when you need it, and that you understand your medical condition, medications, and services available to you.

3 **We are experts in caring for complex medical conditions.**

Amida Care Live Life Plus is New York's largest Medicaid Managed Care Special Needs Health Plan (SNP). We are known for the outstanding health coverage and services we provide to people living with chronic conditions, such as HIV/AIDS, behavioral health issues and Hepatitis C.

4 **We help you with medical and non-medical needs.**

We know that our members are healthier when they get support that goes beyond doctor's visits and taking pills. That's why we provide assistance with housing referrals, job training, and more. In addition, Amida Care offers free "Live Your Life" wellness events each month in all five boroughs of NYC. These include healthy cooking, yoga, dance, and meditation.

5 **We have strong New York roots.**

Amida Care was founded as a nonprofit health plan in 2003 by six NYC community-based health organizations. These organizations recognized that New Yorkers with complex health issues including HIV need individualized care and attention.
