

# COVID-19

## Updates for Amida Care Members

**With the surge of COVID-19 cases in New York City, Amida Care would like to provide you with some timely updates on COVID-19 treatments, testing, and prevention measures.**

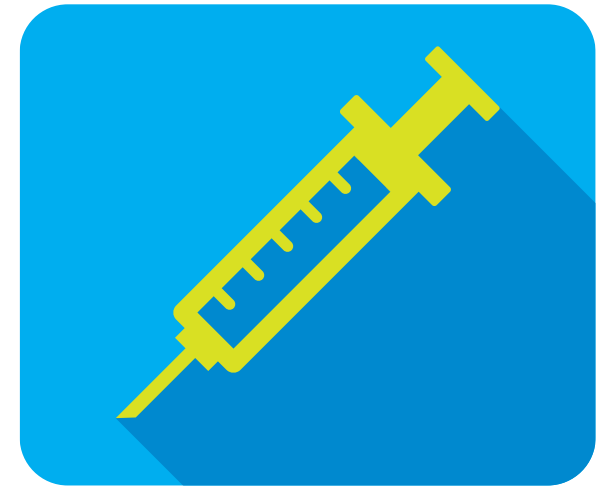

### NEW MEDICATIONS

If you're experiencing symptoms of COVID-19, you may qualify for new medications, which can decrease the possibility of hospitalization and death. These treatments are most effective within the first days of symptoms. Contact your primary care provider to see if you qualify as soon as you experience symptoms.

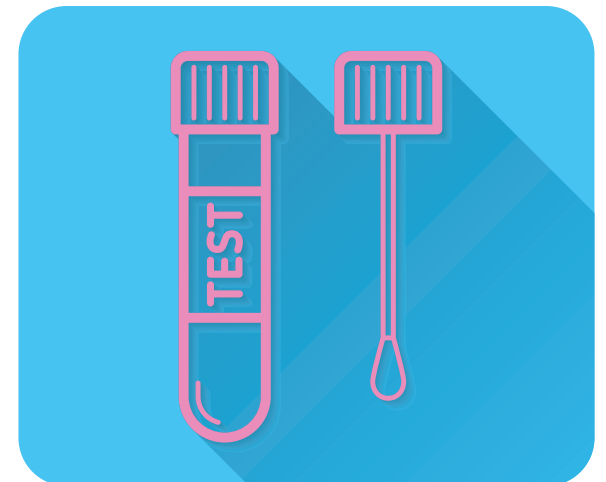

### GET TESTED

Amida Care covers COVID-19 testing, including "at home" test kits at no cost to members.

### GET VACCINATED

The spread of the omicron variant underscores the need for completing a primary COVID-19 vaccination series or getting a COVID-19 booster dose. Vaccines are free and safe. Find locations online at [vaccinefinder.nyc.gov](https://vaccinefinder.nyc.gov) or by calling 877-VAX-4-NYC.
