The individuals featured did not pay to be included. To qualify for the list, which is not comprehensive, nominees had to currently be serving in a senior leadership role, demonstrate significant impact and otherwise make community contributions. Their profiles were written from the nomination materials submitted. Some of the profiles in this feature were written with the assistance of generative AI based on provided information. Our editorial team carefully reviewed and edited the AI-generated text to ensure it aligns with our standards for accuracy. Honorees can appear in up to two Notable features per calendar year.
