COVID-19 Testing and Specimen Collection Billing Guidance for Pharmacies

In response to the current novel Coronavirus (COVID-19) emergency situation, and pursuant to the New York State Medicaid Policy and Billing Guidance for COVID-19 Testing and Specimen Collection at Pharmacies, New York Medicaid plans will reimburse Providers for COVID-19 specimen collection or CLIA waived COVID-19 testing for Medicaid Members, when such collection or testing is in compliance with the Governor's Executive Order.

NCPDP D.0. Claim Segment Field	Value
436-E1 (Product/Service ID Qualifier)	Enter a value of **03**
407-D7 (Product/Service ID)	Enter the 11-digit NDC
440-E5 (Professional Service Code)	Enter a value of **MA**
411-DB (Prescriber ID)	Enter the Pharmacist National Provider Identifier (NPI) number

Only test kits with an FDA approved Emergency Use Authorization (EUA) are covered. Specimen collection without a test kit is also covered.

Subject to change, the following are NDCs covered under this program:
